RESURRECTION FOCUS:

*Primary evidence for the
miraculous existence of
God is the **EMPTY TOMB!**
Let us meditate, focus,
worship and thank Him
for such proof!*

DISGUISED BLESSINGS

California fires brought into our news broadcasts the tragic seeming unending loss of property and human life to record proportions. It was as though square miles burned into scorched earth cinders. Raging burning enormous decimation heat-scourge on the earth-face of what previously was wonderland that for centuries attracted ever-growing populations!

Reminds me of interesting information from a new friend who, for 38 years, has overseen all fires of America's largest Ponderosa pine Kaibab forest.

"We need fires" Seems so contradictory, you know?

Fires help minimize spread of diseases that so easily kills entire forests. Dry dead trees can stunt the healthy growth of younger saplings. Riding out with Quinton provided godly natural truth to the actual values of fires!

So, it is with other of God's disguised blessings. A cough can assist in removing phlegm from lungs and nasopharynx. Sore muscles from exercise can provide muscular strength. Irritating problems can bring forth patience and persistence. On and on!

Let us seek His "Disguised Blessings" as they are new every morning.

Heavenly Father, Creator, Sustainer, Savior-

Thank you!

John.
